ABOUT

Hello , my name is Alex Ramirez and I'm a junior software engineer who just graduated from “We Can Code It” bootcamp. Im transitioning from the warehouse industry into tech and looking to get my foot in the door with new opportunities. I'm passionate about web designing and working on frontend of apps. Im Fluent in HTML5 | CSS3 | and JavaScript.

PROJECT EXPERIENCE

Game Vault — Virtual Game Store

- Collaborated with a team of 3 to create a fully functional site that allows users to use the navigation bar to sort between different pages on the site. Users also had the ability to select which video games they would like to purchase and for which gaming console
- Lead Frontend Designer. Utilized CSS and React to create the background and to display the games on our landing page.
- Gathered information from API in order to provide games specific information

WORK EXPERIENCE

Fulfillment Center Associate, DYY5-Amazon Delivery Station, Bronx, NY 10461, Oct 2022 - Sep 2023

- Supported 10 drivers and shippers per week to ensure successful deliveries.
- Utilized technology like scanners, computers, and handheld printers.
- View prompts on screens and follow the directions for tasks including troubleshooting.

Warehouse Associate, SnackMagic, Long Island City, NY 11101, Feb 2022 - Aug 2022

- Processing, packaging and shipping orders accurately.
- Organized stocks,stacking 64 boxes per pallet and maintained inventory.
- Inspected products for defects and damages and replaced them with new/working products.

Package Handler, UPS, Bronx, NY 10803, Sep 2018 - Oct 2021

- Moved packages/bulk to designated locations within the facility.
- Assisted in loading and unloading freight trucks that would vary from 1000 to 2000 packages per truck.
- Inspected packages and materials for damage or defects.
